

E105SI-HE Series

SNAP-IN/105°

Standard snap-in terminal type large aluminium electrolytic capacitors. Wide temperature range of -40(-25) ~ +105°C. Including height 20mm products, low profile sized (Voltage range of 160 ~ 500V). Complied to the RoHS directive.

Technical parameters	E105SI-HE
Capacitance	22uF-4700uF
Rated voltage	16-450V DC
Tolerance	±20% at 120Hz, 20°C
Operating temp. range	-40°C ... +105°C
Operational life	2000 hours/105°C
Ordering code	E105 SI 470uF 350V HC

Capacitance	Ord.No.	DxL [mm]
