SOS = Supplier of Solutions

We are a transnational distributor of electronic components for industrial production. We specialize in verified world brands with design-in emphasis. Thus, we are with you already during the design and development of the devices. Customers are most grateful for the individual service and support. SOS electronic is a part of the strong German holding, Conrad Electronic.

Why choose SOS electronic?

We do not only sell components, we also understand them. With us, it is not only about components delivery, but also about the complex of related services and benefits:

- authorized distributor of world brands
